## BMS-150E FLOOR STRIPPER

### A RIDE-ON ELECTRICAL POWERED FLOOR STRIPPER

The Blastrac BMS-150E is ideally suited for medium and large sized applications. It's a completely electrical powered machine with an automatic power cable system with turning cable arm. It is very maneuverable with a zero turn radius and non-marking tires. It fits easily in every elevator.

The BMS-150E floor stripper comes equipped as standard with a dust hose connection of Ø76 mm. It is possible to connect a small or medium dust collector to prevent dust exposure in the working area. This special feature contributes to protect the operators.

Depending on the type of flooring material you would like to remove, you can choose from a wide range of blades or chisels. The Blastrac BMS-150E floor stripper is able to remove most (old) floor coverings such as linoleum, vinyl, carpet, adhesives, glue...

	As from 51 mm
	480 kg excl. weight kit
	Working Position 1.475 mm   716 mm   1.750 mm Folded Position w/o tool holder 1.580 mm   716 mm   1.092 mm

	Drive Power: 2,2 kW   230 V   50/60 Hz   16 A   Single Phase
	Ride-On
	Less than 70 dB(A)
	Hardwood Parquet   Ceramics   Linoleum   Vinyl   Carpet   Adhesives   Glue   Tiles   Etc...

#### POWER CABLE

You don't need to take care about the cable, it is automatically winding up. With 25 meters of cable, you have a cordless feeling. Just plug and play!

#### QUICK RELEASE TOOL

You can choose from a wide range of blades or chisels. The quick release tool holder allow you to change or replace the blade very quickly.

#### EASY TO MANOEUVRE

The BMS-150E is very easy and user friendly to manoeuvre. The buttons on top of the joysticks move the blade up and down.

#### FOLDED POSITION

The cable system can be folded up in two positions to have lower height when transporting. It even fits in a small vehicle.
