

1-5HH SHOT BLASTER

A HAND HELD SHOT BLASTING MACHINE

The Blastrac 1-5HH is a versatile hand tool shot blaster that is perfect to work on small or hardly accessible areas. It's a small and compact shot blaster but still very efficient. The 1-5HH hand held shot blasting machine is ideal for processing both concrete and steel surfaces.

This hand held tool can be used with the range of Blastrac steel shot and steel grit and is dust free when connected to the appropriate Blastrac dust collection system.

PLUG & BLAST!

The 1-5HH is a universal unit. It can be connected to a standard electrical plug (230V).

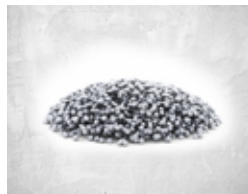

EASY TRANSPORTATION

Due to its two handles, the 1-5HH shot blaster is very easy to lift in stairs or to load in a van.

PERFECT FOR SURFACE PREPARATION

The Blastrac 1-5HH shot blaster is perfect to clean and prepare surfaces, such as steel, concrete and asphalt before the application of a new coating.

STEEL ABRASIVES

Depending on the material you want to remove and the result you want to achieve, you can choose different types of abrasives.

SMALL & COMPACT

The 1-5HH is small and compact, but still very efficient. It can work on very small or hardly accessible areas, for example edges.

FOR HORIZONTAL & VERTICAL APPLICATIONS

The 1-5HH handheld shot blaster can be used for both horizontal and vertical applications.
