

1-7D MKII SHOT BLASTER

A SMALL WALK-BEHIND SHOT BLASTER

The Blastrac 1-7D MKII shot blasting machine is the smallest walk behind shot blaster and ideal for small sized applications. Its versatility and maneuverability makes the 1-7D MKII user friendly to operate and transport. The Blastrac 1-7D MKII shot blaster is compact, powerful, and durable.

The 1-7D MKII is dust free when connected to the appropriate Blastrac dust collection system. Blastrac has designed a full range of dust collectors, consumables and optional items which give the opportunity to process any floor and specific application.

USER FRIENDLY

The 1-7D MKII Blastrac shot blaster creates minimum vibrations, is easy to move and operate thanks to its pushing handle.

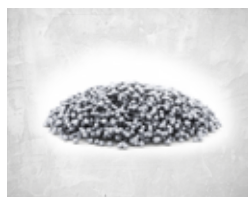

EASY TRANSPORTATION

Due to the special handle on the front, it is very easy to lift the machine in stairs or to load in a van.

SPECIAL SAFETY DEVICE

The 1-7D MKII shot blaster comes equipped as standard with a special safety device to avoid any risk of blasting when bending over the machine.

STEEL ABRASIVES

Depending on the material you want to remove and the result you want to achieve, you can choose different types of abrasives.

VERY EASY TO MANOEUVRE

The 1-7D MKII shot blaster is a forward motion machine, which makes it very easy to manoeuvre.

EASY TO CONTROL

The 1-7D MKII shot blaster comes with 1 swivel caster on the front & 2 fixed wheels at the back for a better control of the machine.
